

Botan::TLS_Connection

```
classDiagram
    Botan::TLS_Connection <|-- Botan::TLS_Client
    Botan::TLS_Connection <|-- Botan::TLS_Server
```

The diagram illustrates a class hierarchy where Botan::TLS_Connection is the superclass, and Botan::TLS_Client and Botan::TLS_Server are subclasses. The inheritance is indicated by solid lines with hollow triangular arrowheads pointing from the subclasses to the superclass.

Botan::TLS_Client

Botan::TLS_Server
